Professional Experience

◆ Freelance Full-Stack Developer

2016 – Present (*Remote & Contract-based*)

- Designed and developed full-stack web apps using React.js, Next.js, and NestJS
- Built and consumed REST APIs; integrated MongoDB and PostgreSQL databases
- Collaborated with clients to gather requirements, iterate on feedback, and deploy maintainable solutions
- Managed codebases using Git and CI/CD practices

◆ Full-Stack Developer – Amens Co.

2024 – 2026 (*15 Months*)

- Built a full-stack e-commerce web application for security camera (CCTV) sales using **Next.js**, **NestJS**, and **PostgreSQL**
- Developed a product management system with role-based access control, advanced filtering, and secure checkout workflows
- Implemented responsive design with **Tailwind CSS** and optimized performance and SEO for public-facing pages
- Integrated third-party services and payment APIs; ensured reliability and scalability of back-end with **TypeORM**
- Collaborated with a small agile team and delivered product iterations based on client feedback

◆ Front-End Developer – Tose'e Atiara (E-commerce Dev Co.)

2023 – 2024 (*Tehran*)

- Integrated RESTful APIs and optimized performance for seamless shopping experiences
- Worked closely with back-end developers and designers in agile sprints

◆ Front-End Developer – Insanity Studio

2022 – 2023 (Tehran)

- Designed reusable UI components with React.js and advanced state management
 - Contributed to scalable frontend architecture for client-based projects
 - Participated in code reviews and delivered pixel-perfect designs
-

🎓 Education

Bachelor's in Software Engineering

Islamic Azad University – Tehran, Iran

🏆 Achievements

- Delivered 20+ freelance web projects with high client satisfaction
 - Successfully optimized performance and SEO scores in several React/Next.js projects
 - Recognized for proactive communication and clean coding standards
-

🎮 Interests

- Exploring new front-end frameworks
- Music, gaming, and participating in developer communities
- Contributing to open-source when time permits
